Awarded Best Album for July 2025 - One World Music

Though classically trained and accepted into a doctoral program at Brandeis University, Terry detoured into technology, founding a successful software company before returning to his musical roots. His 2020 album *The Pale Blue Dot* won both the One World Music Award for Best Piano with Instrumentation and the Zone Music Reporter Award for Best Neo-Classical Album. Earlier, *At Peace Beneath the Shade of My Father's Tree* earned multiple nominations, and his latest release, *Love is... (2025)*, is garnering critical acclaim.

Today, Terry continues to explore the power of music as a narrative force—creating immersive, genre-blurring compositions that resonate with listeners around the world.
